MESSAGE FROM DIRECTOR'S DESK

"Don't Just Adapt Changes, Create It"

Welcome to M.R. Group of Companies.

In 1984, I dreamed of creating **A ONE STOP SOLUTION** company for any needs for compressed air and M.R. Group of Company was born. Since then me and my team have worked hard towards making this dream come true.

The combination of our market leading brands, wide range of products, years of experience and a company culture has helped MRO to grow from a small company to a global leading brand in Aftermarket Replacement, Equivalent spare and service business.

I attribute the success of this company not only to my team but also to the great partnerships with our customers and vendors.

Innovation has always been a key factor in our way of doing things at MRO. Our unique reverse engineering process has helped MRO to carve a niche market for itself, where we now supply over 40,000 Aftermarket Replacement, Equivalent kits, and parts of over 35 different major air compressor brands. Our exclusive concept of free samples to customers in return of old genuine parts or shared cost of samples creates a win-win situation for both customers and our company.

We are also proud of the fact that we have created an everlasting partnership with our customers that give full commitment, quality services and delivery with speed.

Looking forward to a next many year along with your partnerships.

Warmly
Mayur Kamdar
(Managing Director)

ABOUT US

About a three decades ago the organisation was founded by Mr. Mayur Kamdar who committed to create an "ONE STOP SOLUTION" company for all the compressed air needs. MRO is India's largest Independent Compressor spare parts and Service

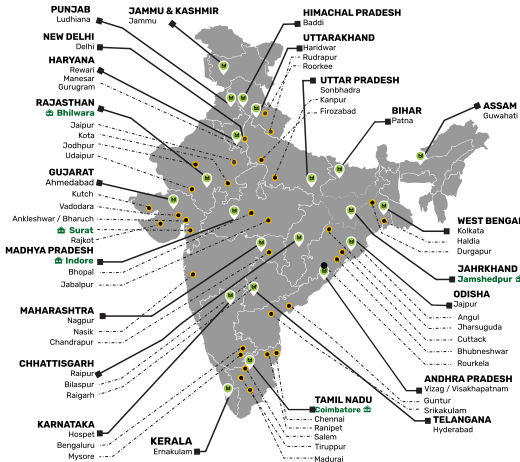

Company, listed on National Stock Exchange on Emerge ITP platform. An ISO certified Export house, our headquarters, manufacturing unit & air-end rebuilding workshop are located at Ahmedabad, Gujarat, INDIA. We have direct global presences at four locations MR Organisation (USA) LLC in USA, MR Organisation Europe B.V.B.A - Brussels Belgium, StandardAir Limited in UK. Our team comprises of over 200 employees

We produce & supply all type of Aftermarket Replacement, Equivalent kits & parts for over 35 different Air/Gas compressor global brands of Rotary screw compressors, High & Low-pressure Reciprocating/Piston compressors, Centrifugal compressors, Vacuum pumps, Thermostat valve and Elements, Consumables, Electronic parts and Instruments, Lubricants (semi & fully synthetic compressor oils) and Rebuild Air-end or provide replacement Air-end with various service options.

In addition to our collection of over 40,000 Aftermarket Replacement, Equivalent parts & kits, we continuously endeavour to identify additional product development, opportunities from new and existing clients to enhance customer service and satisfaction. Our unique re-engineering services are expanded to provide cost advantage to our clients in 'any' machine parts production.

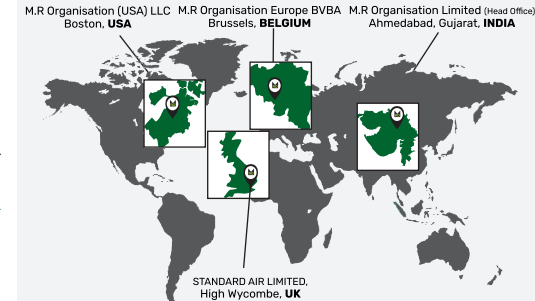

We supply Aftermarket Replacement, Equivalent kits & parts to 6 continents - Asia, North America, South America, Europe, Africa & Australia including 75 well-flourished countries with numerous of distributors in major 3 continents and our field force are spread across pan India at 59 locations in 29 states of India to provide on-time support to customers.

Multi Brand Air Compressor Expert Engineers At 57 Locations Across India

GLOBAL FOOTPRINT

Serving to **75+** Countries

INFRASTRUCTURE

our team comprises of experts with diverse backgrounds and skill sets of multi brand of Air Compressor
